Back up my work
calendar, and on my last
month, my birthday, Anna,
and try to find a life
outside of "Dr. Anna
Carter."

Find that elusive
missing piece that
will make everything
right...

Who knew I'd have
this life? Not
just "Dr. Anna."

The world's
smaller in Chicago.

Was a reminder
for Dr. Anna Carter.
That this was still
her life in all the
other ways.

So when you
say "I'm
Dr. Anna Carter,"
what you're
saying is "I'm
Dr. Anna Carter."

A reminder
of a reminder
that you're
still here.

Dr. Anna Carter
was laughing, saying
the words "I'm
Dr. Anna Carter."

Anna the doctor

the words "I'm

And that's right about it, I think. Florida, Georgia, Mississippi, Maryland, a lot of states that have supported us.

Superman Returns
EVEN BETTER

It's back again, shooting his way out of the box! Superman is back, and he's not only a great movie, but a great comic book too! Get it now!

The RE-BORN Identity

"Rebirth is just the start of Superman's journey."
—Editor Leslie Klinger

REBORN and **REBORN 2** (December 2003)

SUPERMAN RETURNS is the sequel to "The End" (see p. 10). **Reborn** (EARTH, DAY) and **Reborn 2** (EARTH, DAY) offer a look at the events that led to the current Superman's return to the early life of the DCU. What really inspired Clark Kent to put on a costume? What happened on his travels through South America? Why was he last against the alien of "Apocalypse"? All of these questions, and many more, will be answered when you check your feelings from comic shops this summer.

TO WHOM IT MAY CONCERN
DC IS REBORN
Inside Scoop
IN DC
REBORN

Reborn is the DCU's most serious challenge to the status quo. In fact, **SUPERMAN: THE REBORN** (EARTH, DAY) will have everyone taking a step back when they learn the connection between the DCU's return to Earth and a young boy's alien abduction. Look for the two-page "Reborn" feature to create comic shops this year!
